**VOL. 20, NO. 2; FEBRUARY 2001**

<b>RESEARCH ARTICLES</b>	
Coworker violence and gender: Findings from the National Violence Against Women Survey Patricia G. Tjaden, Nancy Thoennes	85-89
Predictors of low physical fitness in a cohort of active-duty U.S. Air Force members Anthony S. Robbins, Susan Y. Chao, Vincent P. Fonseca, Michael R. Snedecor, Joseph J. Knapik	90-96
Improving access to mammograms through community-based influenza clinics: A quasi-experimental study Douglas Shenson, Lea Cassarino, Donna DiMartino, Paul Marantz, Julie Bolen, Barbara Good, Michael Alderman	97-102
Incentives vs outreach workers for latent tuberculosis treatment in drug users C. Kevin Malotte, Judy R. Hollingshead, Michelle Larro	103-107
Completeness and timeliness of tuberculosis case reporting: A multistate study Amy B. Curtis, Eugene McCray, Matthew McKenna, Ida M. Onorato	108-112
Identifying population health faculty in U.S. medical schools S. Edwards Dismuke, Lisa Sherman	113-117
Mode of payment, practice characteristics, and physician support for patient self care Judith H. Hibbard, Merwyn R. Greenlick, Lynn E. Kunkel, Jeffrey Capizzi	118-123
Acute effects of oats and vitamin E on endothelial responses to ingested fat David L. Katz, Haq Nawaz, Josette Boukhalil, Vanessa Giannamore, Wendy Chan, Ramin Ahmadi, Philip M. Sarrel	124-129
<b>BRIEF REPORT</b>	
Physician-patient discussions of controversial cancer screening tests Andrew S. Dunn, Kanan V. Shridharani, Wendy Lou, Jeffrey Bernstein, Carol R. Horowitz	130-134
<b>THEME ARTICLES</b>	
Workplace Violence Intervention Research Workshop, April 5-7, 2000, Washington, DC: Background, rationale, and summary James A. Merchant, John A. Lundell	135-140
The role of surveillance and evaluation research in the reduction of violence against workers Corinne Peek-Asa, Carol W. Runyan, Craig Zwerling	141-148
Legislation and regulations addressing workplace violence in the United States and British Columbia Robert C. Barish	149-154
Violence prevention at work: A business perspective Carol W. Wilkinson	155-160
A labor perspective of workplace violence prevention: Identifying research needs	161-168

Jonathan Rosen	
Moving forward with research on the prevention of violence against workers Carol W. Runyan	169-172
EDITORIAL AND COMMENTARY

LETTER TO THE EDITOR	
Update on immunization registries Philip R. Horne, Kristin N. Saarlans, Alan R. Hinman	174
MEDIA REVIEW AND REPORT	
Studying a Study and Testing a Test, 4th Ed.: Richard K. Riegelman. Philadelphia, PA: Lippincott, Williams & Wilkins, 2000, 356 pp., \$32.95. ISBN: 0-7817-1860-0 S. Edwards Dismuke	175-176
<b>VOL. 20, NO. 4; MAY 2001</b>	
RESEARCH ARTICLE	
Preventive counseling during prenatal care: Pregnancy risk assessment monitoring system (PRAMS) Ruth Petersen, Alexandra Connelly, Sandra L. Martin, Lawrence L. Kupper	245-250
State gun control advocacy tactics and resources Ronda C. Zakocs, Jo Anne L. Earp, Carol W. Runyan	251-257
Evaluation of a first aid and home safety program for hispanic migrant adolescents Nadia R. Campbell, Guadalupe X. Ayala, Alan J. Litrownik, Donald J. Slymen, Francisco Zavala, John P. Elder	258-265
Health department clinics as pediatric immunization providers: A national survey Jeanne M. Santoli, Lawrence E. Barker, Bridget H. Lyons, Nisha B. Gandhi, Cindy Phillips, Lance E. Rodewald	266-271
Preventing transmission of hepatitis B virus from people with chronic infection Michelle S. Weinberg, Robert A. Gunn, Eric E. Mast, Louise Gresham, Michele Ginsberg	272-276
Knowledge of partner risk and secondary transmission of HIV R. Monina Klevens, Patricia L. Fleming, Joyce J. Neal, Jianmin Li The Mode of Transmission Validation Study Group	277-281
Comparing physical activity questionnaires for youth: Seasonal vs annual format Sheryl L. Rifas-Shiman, Matthew W. Gillman, Alison E. Field, A. Lindsay Frazier, Catherine S. Berkey, Catherine A. Tomeo, Graham A. Colditz	282-285
Curriculum assessment for prevention topics and the population perspective S. Edwards Dismuke, Bryan W. Burns, Christine A. Moranetz, Edward Ellerbeck	286-290
BRIEF REPORT	
Performance measures: Are we measuring what matters? Betsy L. Thompson, Jeffrey R. Harris	291-293

Self-reported weight and height: Implications for obesity research Haq Nawaz, Wendy Chan, Mustapha Abdulrahman, David Larson, David L. Katz	294-298
REVIEW AND SPECIAL ARTICLE	
The risk of acquiring hepatitis B or C among public safety workers: A systematic review Gary Rischitelli, James Harris, Linda McCauley, Robyn Gershon, Tee Guidotti	299-306
EDITORIAL AND COMMENTARY	
Images in preventive medicine: Bangladesh "information highway" in the year 2000 Andrew Dannenberg, Matthew Brown	307
LETTER TO THE EDITOR	
May 2000 supplement on preventing occupational injuries Robin Baker, Ann Brockhaus, Denis Boucier, Larry Chapman, Jim Collins, Linda Goldenhar, Cathy Heaney, Ted Katz, Paul Landsbergis, John Martonik, Ivan Most, Scott Schneider, Ted Scharf, Ray Sinclair	308-309
Author index	310-311
<b>VOL. 20, NO. 4; SUPPLEMENT 1, MAY 2001</b>	
INTRODUCTION	
The National Immunization Survey: Information for action Mary M. McCauley, Elizabeth T. Luman, Lawrence E. Barker, Lance E. Rodewald, Diane M. Simpson, Peter G. Szilagyi	1-2
COMMENTARY	
Measuring the success of the U.S. childhood immunization system Peter G. Szilagyi	3-5
METHODOLOGY	
Forty years and four surveys: How does our measuring measure up? Diane M. Simpson, Trena M. Ezzati-Rice, Elizabeth R. Zell	6-14
Population-based surveys and their role in public health Trena M. Ezzati-Rice, Lester R. Curtin	15-16
Overview of the sampling design and statistical methods used in the National Immunization Survey Philip J. Smith, Michael P. Battaglia, Vicki J. Huggins, David C. Hoaglin, Ann-Sofi Rod �, Meena Khare, Trena M. Ezzati-Rice, Robert A. Wright	17-24
Comparison of NIS and NHIS/NIPRCS vaccination coverage estimates Diana L. Bartlett, Trena M. Ezzati-Rice, Shannon Stokley, Zhen Zhao	25-27
ARTICLES	
Changes in vaccination coverage estimates among children aged 19–35 months in the United States, 1996–1999 Lawrence E. Barker, Elizabeth T. Luman	28-31
Vaccination visits in early childhood: Just one more visit to be fully vaccinated Elizabeth T. Luman, Shannon Stokley, Danni Daniels, R. Monina Klevens	32-40
U.S. children living in and near poverty: Risk of vaccine-preventable diseases	41-46

R. Monina Klevens, Elizabeth T. Luman	
Vaccination status of children in the Women, Infants, and Children (WIC) Program: Are we doing enough to improve coverage? Abigail M. Shefer, Elizabeth T. Luman, Bridget H. Lyons, Victor G. Coronado, Philip J. Smith, John M. Stevenson, Lance E. Rodewald	47-54
Vaccination status of children living in rural areas in the United States: Are they protected? Shannon Stokley, Philip J. Smith, R. Monina Klevens, Michael P. Battaglia	55-60
Undervaccinated African-American preschoolers: A case of missed opportunities Danni Daniels, Ruth B. Jiles, R. Monina Klevens, Guillermo A. Herrera	61-68
Variation in vaccination coverage among children of Hispanic ancestry Guillermo A. Herrera, Zhen Zhao, R. Monina Klevens	69-74
Undervaccination with hepatitis B vaccine: Missed opportunities or choice? Ruth B. Jiles, Danni Daniels, Hussain R. Yusuf, Mary M. McCauley, Susan Y. Chu	75-83
AFTERWORD	
The future of the National Immunization Survey Jos éF. Cordero, Walter A. Orenstein	84-85
Surveillance summary	
What's in a number?: The use and abuse of survey data Diane M. Simpson, Lance E. Rodewald, Lawrence E. Barker	86-87
National, state, and urban-area vaccination-coverage levels among children aged 19–35 months, United States, 1999	88-153
LETTER TO THE EDITOR	
Regarding "improving immunization surveillance and performance monitoring" Diane M. Simpson	154
