

Health Systems Research Center: a brief overview

Mission

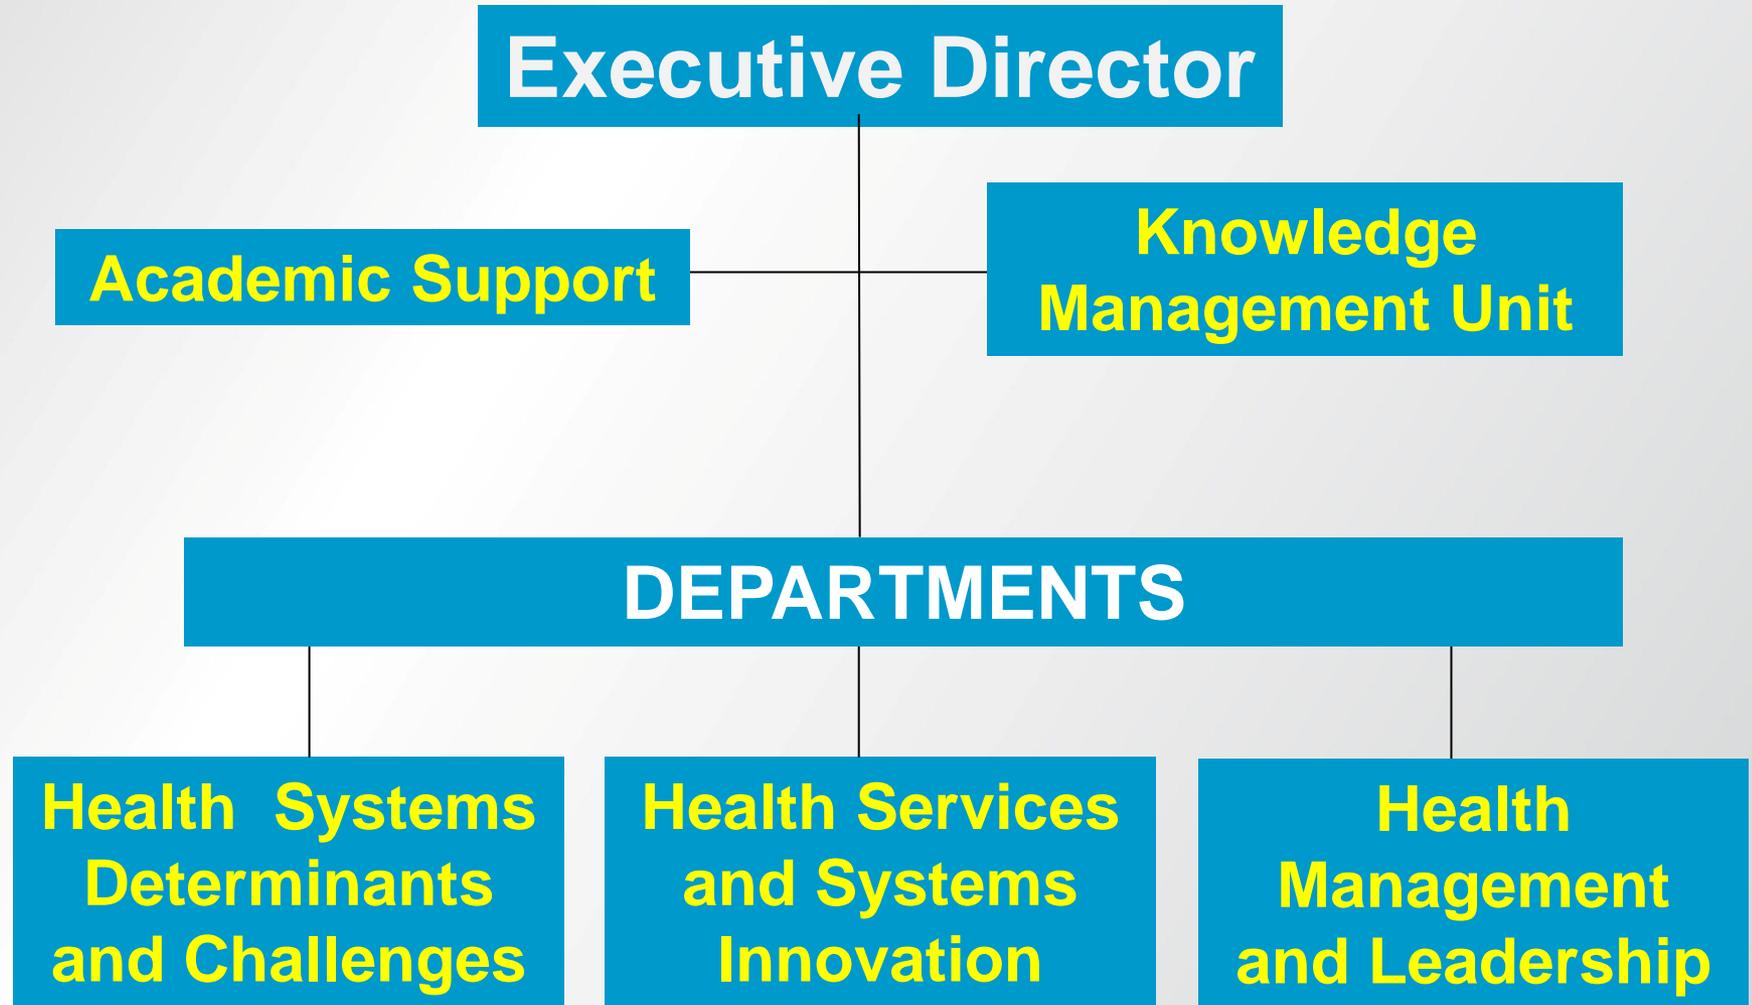

Strengthen health systems by generating evidence and training human capital for institutional and social development

Vision

Leader in innovation and development for integrating national health systems

How is CISS organized

Organization according to health system functions

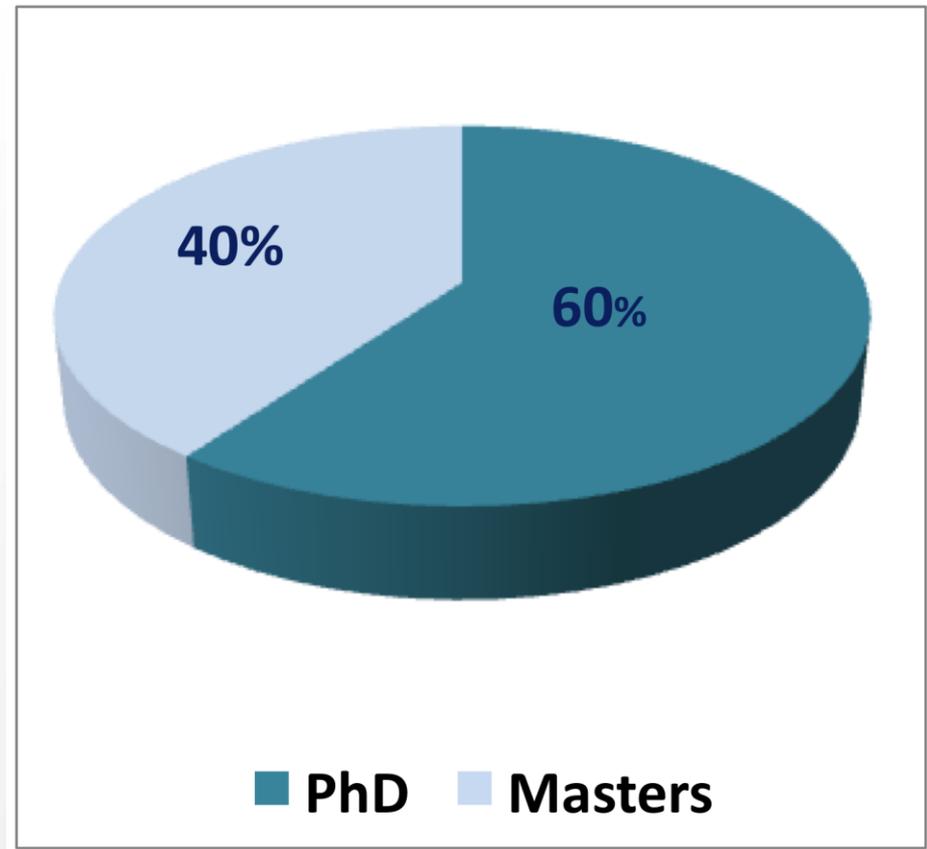

Research

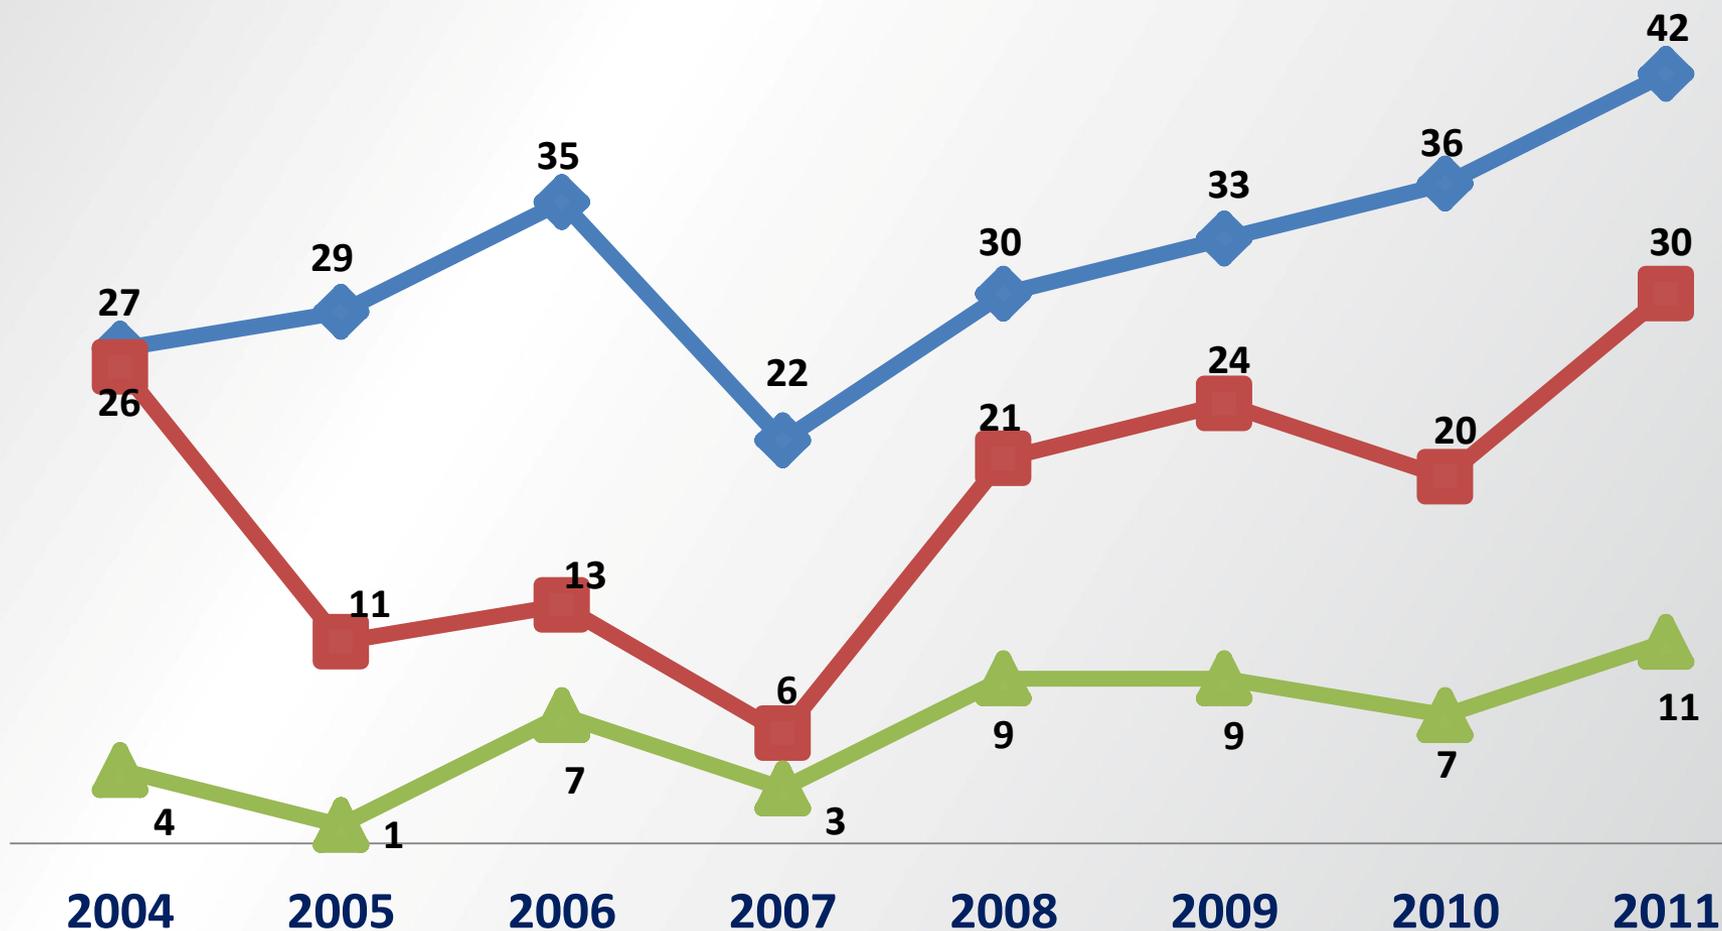

Academic staff CISS 2012

Total = 42 researchers

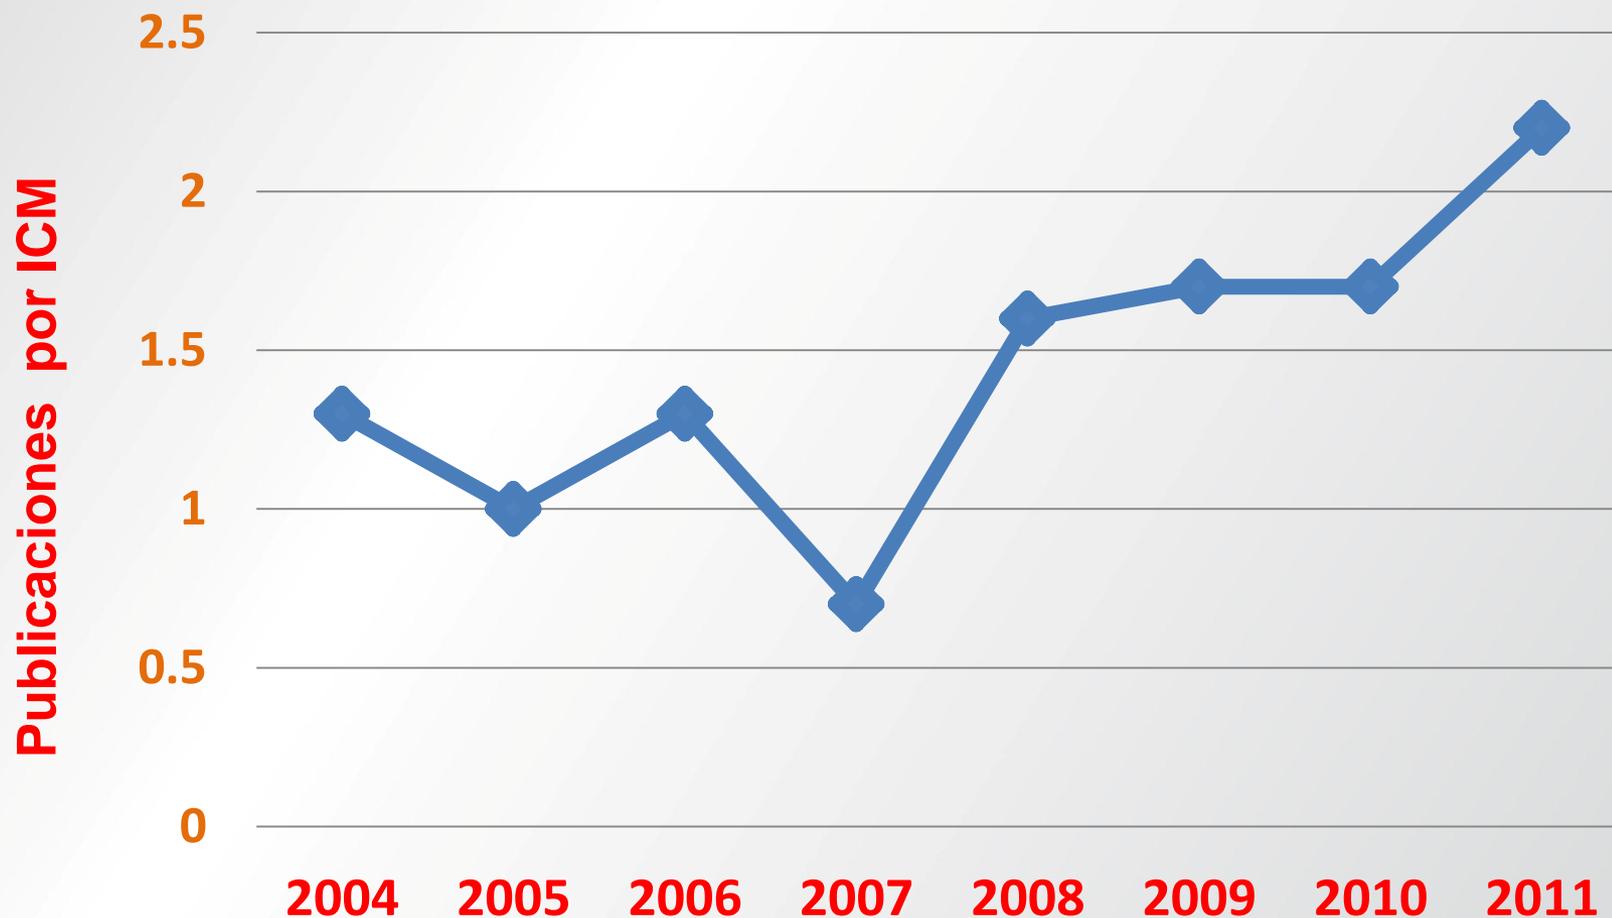

Total publications: 2004-2011

◆ Artículos ■ Capítulos ▲ Libros

Productivity index using ICM*

*Total por año

Main research lines led by CISS

Salud y grupos vulnerables

Protección social en salud

Prevención de lesiones y violencia

Medicamentos en Salud Pública: Acceso, Uso y Resistencia antimicrobiana

Recursos Humanos en Salud

Teaching

Programas académicos CISS 2005 a 2011

Academic Programs	Earned degrees							Total
	2005	2006	2007	2008	2009	2010	2011
